DRIVE

Dear Friend and Neighbor,

On behalf of the West Friendship Volunteer Fire Department we thank you for your past support. Now we need your assistance more than ever. As you all know, the past 20 months have been difficult for most – including the West Friendship VFD and its members. Through it all our volunteers have continued to serve our community to ensure there are always fire apparatus and ambulances staffed to respond to fires, medical calls, car accidents, and a host of other emergencies.

Now we need your help. Tower 3, pictured above, is aging and needs to be replaced. In addition to using its ladder and platform for firefighting operations, it is our primary vehicle for performing rescues of all kinds – extricating victims from vehicles and machinery, performing rescues from burning buildings, carrying lifesaving medical equipment, and providing equipment to ensure our safety when performing these tasks. Specialized equipment with capability like that provided by Tower 3 is necessary to provide the emergency services you have come to expect – but it is expensive. We are in the process of obtaining estimates from various manufacturers and anticipate the cost of replacing Tower 3 at \$1,500,000. We appreciate any financial assistance you can provide.

We are also looking for volunteers to help in our mission of protecting and serving the residents of Howard County. We will provide all of the training and equipment – you just need to have the desire to help your community. Feel free to stop by the station any evening to learn more about what we do and how you can help.

We look forward to seeing you in the coming days as we escort Santa through your neighborhood! **Best wishes for a safe, happy, healthy, and prosperous 2022.**

Thank you,

WFVFD Fire Chief Mickey Day • WFVFD President Stan Kitzinger

Wash your
hands.

Stay home
when sick.

Cover your
cough.
